President, All-Poland Alliance of Trade Unions (OPZZ)**

Dear Brother Piotr,

On behalf of the **ILO's Bureau for Workers' Activities (ACTRAV)** and the trade union delegations from Kazakhstan and Uzbekistan, we would like to express our sincere appreciation for your warm hospitality and exceptional organization of the study visit and seminar held in Warsaw from 28 to 30 May 2025.

Your leadership and the commitment of OPZZ to strengthening international trade union cooperation made this event a truly memorable and valuable experience. The program created a rich platform for learning and exchange, particularly on issues related to social dialogue, labour law, and the strategic role of trade unions in shaping policy during times of economic, environmental, and social transition.

We would also like to extend our special thanks **to Sister Magdalena Chojnowska** whose tireless efforts, professionalism, and attention to detail were instrumental in ensuring the smooth and successful conduct of the visit. Her thoughtful coordination and personal engagement greatly enhanced the experience for all participants. We are equally grateful to **all the OPZZ colleagues and staff members** who delivered excellent, highly professional presentations and who took daily and attentive care of the participants throughout the seminar. Their dedication, knowledge, and openness created a welcoming and intellectually engaging environment that made a lasting impression on our delegations.

We are confident that this initiative will serve as a strong foundation for continued collaboration between OPZZ, the trade unions of Uzbekistan and Kazakhstan, and ACTRAV. We look forward to building on this momentum and working together on future initiatives to advance workers' rights and solidarity across our regions.

Once again, Dziękuję bardzo for your hospitality, commitment, and for making this visit such a success.

With kind regards and in solidarity,

Sergeyus Glovackas,
Desk Officer, Europe and Central Asia
The ILO's Bureau for Workers' Activities (ACTRAV)
